

## In the Day's News

**HOOVER HUNTS 'LOST' FRIEND**  
WASHINGTON, D. C., Sept. 9.—J. Edgar Hoover has ordered a nationwide search for his old friend, Col. Raymond Robins, who "disappeared" while on his way to confer with the President and War Secretary. It is claimed that Robins, a dry leader, was kidnapped by a bootlegger ring.

**EXPLOSION INJURES FIVE**  
OAKLAND, Cal., Sept. 9.—Five persons were severely injured following an explosion in the projection room of the Broadway Theatre here. Three are expected to die.

**FORD SPILLS MORE BALLYHOO**  
NEW YORK.—In an article in the Pictorial Review, Henry Ford, automobile king and slave driver, says Hoover by predicting an era of "un-surpassed prosperity." He peddles his pet theory of forcing the underpaid workers who are still employed to raise their own food in preparation for further wage-cuts.

**HURRICANE KILLS TEN**  
NASSAU, Sept. 9.—Ten were killed and about 30 injured, mostly workers who had no substantial shelter, when a hurricane swept Abaco Island Monday. Abaco Island is 200 miles east of Florida.

**WHITEWASH THIRD-DEGREE COPS**  
NEW YORK.—Tappen, Zander and Pearsall, three Nassau County policemen who were charged with killing Hyman Stark with the third degree on July 15, were acquitted of manslaughter yesterday.

**INCITE AGAINST PIONEERS**  
OSKISING, N. Y., Sept. 9.—The Citizen Register, daily of this city, published a violent incitement for a fascist attack against the Young Pioneers of America (the Communist children's organization) yesterday.

**FARM STRIKE IN POLAND**  
WARSAW, Poland, Sept. 9.—That the strike of the Polish farmers for higher prices is succeeding is seen in the growing shortage of vegetables in this city. The highways leading to Warsaw are being closely picketed.

**NURSE STARVES IN WOODS**  
BABYLON, L. I., Sept. 9.—A trained nurse with a war service record was found starving in the woods here with the leaves of a maple tree for her roof and a pile of old clothing for a bed. She is Miss Mary Brodie, 44 years old. Police arrested her, but later she was turned over temporarily to a nurse's home here.

**OFFERS KIDS TO PAY \$33 DEBT**  
MILWAUKEE, Wis., Sept. 9.—A 12-year-old boy offered to pay the \$33 debt of his father, an unemployed worker, by turning over his 11 children. Two of them to pay off the \$33 debt when brought before Judge Pruss here.

**WHY COOLIDGE IS 'GREAT'**  
NEW YORK.—Fourteen books which helped sharpen his towering intellect are listed by former President Calvin Coolidge in the October issue of the Cosmopolitan Magazine. They include "The Rangers," or "The Tory's Daughter," "Hillard's Sixth Reader," "Young People's Bible History," "The Green Mountain Boys," and other classics.

**HAS FAITH IN INSURANCE**  
MELBOURNE, Australia, Sept. 9.—A canny preacher in Victoria has worked out a scheme for insuring a good collection of services. He pays an insurance company \$1.25 a week—so that if rain falls between 8 a.m. and noon he collects \$25. The church service starts at 11 o'clock. Then if a storm breaks before 12 o'clock the preacher makes two collections—one from the insurance company and one from the congregation.

**THE ROYAL STOMACH**  
LONDON.—Millions of starving workers will be interested to learn that even King George has his food problems. He finds it hard to get a new chef now that his present chef, Gabriel Tschumi, wants to resign. Not that there aren't many unemployed and starving cooks. But there's nobody like Tschumi for the royal tummy.

**THOUSANDS ANSWER CALL FOR FEW JOBS**

CLEVELAND, Ohio, Sept. 9.—All most a thousand girls answered an advertisement of the Jay-Cobbie here for a few temporary salesgirls. Several of them were injured in the jam that followed the opening of the door to admit them.

## COPS START FAKE RELIEF CHECK-UP

Admit Not All Will Be Counted

NEW YORK.—Tammany police will start their door-to-door "check-up" of New York's unemployed workers next Monday, Mayor McKee has announced.

McKee's move is preparatory to a cut in relief for the unemployed, unless the mass pressure of the workers prevents it, and will give the police an opportunity to intimidate the jobless and keep them on police files. It is a step short of fingerprinting the more than a million unemployed workers in the city.

The claim of the Tammany mayor that he ordered the "registration" in order to "help" him find out the "true" condition of the New York's unemployed is exposed before the "registration" starts by the announcement of the police department that only 500,000 questionnaires have been printed. By the admission of the City government itself, many months ago, there were one million unemployed workers in the city at that time. A large section of these workers will demonstrate today for relief.

## VOTE COMMUNIST FOR:

1. Unemployment and Social Insurance at the expense of the state and employers.
2. Against Hoover's wage-cutting policy.
3. Emergency relief for the poor farmers without restrictions by the government and banks; exemption of poor farmers from taxes, and no forced collection of rent or debts.

Vol. IX, No. 217

# ALL OUT TODAY FOR UNEMPLOYMENT RELIEF!

## ROTTEN OLD BOAT BLOWS UP; 37 DEAD

Observation Withdrawn from Excursion Route Carried Workers

INSPECTORS APPROVED IT Workers Not Allowed to Use Regular Ferry

NEW YORK.—The forty year old wooden craft Observation, withdrawn from excursion service and used to transport workers on Rikers Island penitentiary job, blew up in the East River yesterday morning killing at least 37 workers, and injuring an unknown number.

Police under the personal supervision of Commissioner Mulrooney, immediately closed the area and herded injured and uninjured to hospitals and station houses.

The J. P. Carlin contracting company had chartered the boat. The regular boat service to the island was not allowed for the company's workers who were thus herded onto the dangerous Observation.

The boiler inspector approved the boilers at the time of the last inspection on April 28th. The boat was of wooden construction and had been in use as an excursion yacht before being refitted as unsafe for excursionists and put into service on the construction job. The slightest ramming would sink her. Boats built for sea-service by the grating shipping board in the world-war of similar construction have all been retired from service since a similar vessel sank two years ago also was "OK'd" by inspectors before sailing on her fatal voyage.

A truck driver narrowly escaped death as a war fragment pierced his cab just after he had stepped out of it. It had been blown over a block by the explosion.

One worker's body was hurled 130 feet through the window of a power plant on 124th St. Another body was blown through a roof of a building and the mangled corpse twisted in the beams.

Thirty-seven bodies have been recovered at this time, of going to press before are expected to be found by the grapping crews. Workers who saw the tragedy reported that many workers unharmed by the explosion or the steam scolding that followed it, were drowned in the undertow caused by the almost immediate sinking of the ship, unable to swim out.

Failure of Local 52, Iron Workers' Union officials to force the company to abandon use of the Observation after complaints by members is partially responsible for the deaths. The union officials, pressed by the rank and file, condemned the ship on paper and did not make the company withdraw it from use.

## PATTERSON HITS MURDER OF 38

"Death Trap Ships and Tenements Must Go!"

NEW YORK.—Frank Markey, president of Local 52, Ironworkers' Union and the capitalist administration of New York City were held responsible in a statement issued today by William L. Patterson, Communist Party candidate for Mayor, for the disaster on the East River yesterday, when the steamer Observation blew up, causing the death of 38 building trade workers and injuries to 100.

"Recently," Patterson stated, "rank and file members of Local 52, Ironworkers' Union, who were forced to use that boat disclosed that it was an old, wooden vessel unsafe for service. Although Mr. Markey knew that the Observation was und seaworthy and unsafe," stated Patterson, "he allowed the P. J. Carlin Company, operators of the Observation to continue the boat in service, despite a resolution passed by Local 52, Ironworkers' Union, condemning the use of that vessel."

"The safety of workers is of no account to the bosses who economize by using obsolete machinery and inadequate safety devices, regardless of the suffering such economy may bring to the workers," Patterson charged. "The explosion of the Observation is only one of the numerous tragedies in which workers have lost their lives because of the greed of the bosses supported by their political lackeys."

Patterson cited the firetraps in Harlem where Negro workers are workers to pay high rents to live in tenements which are unsafe, while children are forced to attend old schools that endanger the lives of the

## Foster and Ford Appeal from Campaign Front to Workers to Save "Daily"

Thousands of workers are flocking to our election meetings. At no time have the workers been so eager, so hungry to listen to our message of struggle against hunger, and war.

Could our meetings be so successful without the DAILY? Is there a better collective organizer and agitator in the election campaign than the Daily? Mention the Daily Worker at an election meeting in the remotest corner of the country and the toilers are answering with thunderous cheers. The workers like the DAILY. The workers feel that they cannot do without the DAILY.

Comrades, workers, it is with the greatest alarm that we have learned of the danger of suspension. The further existence of the DAILY is our collective responsibility. Are we doing everything possible to save the DAILY?

The Daily is the spark that develops the flames of struggle. The toilers cannot live as of old. The radicalized workers are fighting. They are preparing for greater and sharper

battles. The workers, all toilers, in their struggle for their very lives, look to the Daily for guidance, for leadership and organization.

Our enemies, the Fishes and Doaks, do not dare to suspend the Daily Worker, fearing the mass protest of the workers. Shall our Daily be allowed to go out of existence because of the lack of funds? Every worker is confronted with the question.

The suspension of the Daily Worker would be the greatest blow to our election campaign. Our enemies would rejoice. The workers can be roused to the support of the Daily. The workers WILL save the Daily. Bring our

message of need to the workers. THEY WILL RESPOND!

Comrades, don't allow the spark to go out! Long live the DAILY WORKER, the only daily English speaking revolutionary workers' paper in the U.S.A.

## DEMANDS OF THE RELIEF MARCHERS

To Be Presented Today to City Government

- The chief demands to be presented in today's relief march are:
1. Immediate cash relief of \$10 a week minimum for each family of two, and \$3 additional for each dependent.
  2. One dollar a day cash relief for single and young unemployed workers.
  3. Stopping of all evictions of unemployed; repeal of the eviction law.
  4. Abolition of "private" job sharks; opening of free city employment agencies under workers' control.
  5. Appropriation by the City of \$100,000,000 for winter relief.
  6. Stopping of all discrimination against Negro and foreign workers in relief distribution.
  7. Endorsement by the City government of Unemployment Insurance to be paid by the government and employers as well as immediate full cash payment of the Bonus to war veterans.

## Industrial Union Asks Needle Workers Rally To The Relief March

NEW YORK.—The Needle Trades Workers Industrial Union stated yesterday: "The needle workers, who have fought for better shop conditions, who were the first to establish an unemployment insurance fund in their trade, must fight for relief of all unemployed. Employed and unemployed needle workers to 18th Street, near Union Square, your assembly point for the Relief March today. All active workers, report at the office of the Union at 9 a.m. to organize captains and committees."

## NEGRO WORKERS URGED TO MARCH

Discriminated Against By Home Bureaus

By SOL HARPER.  
NEW YORK.—Not all the Negro workers in New York City live in Harlem. There are reported to be 80,000 Negro workers living in Brooklyn alone. Tens of thousands of the Negro workers in Brooklyn are forced to live in weather-beaten shacks, for which they pay higher rents than

white workers occupying similar homes.

In Hell's Kitchen in mid-Manhattan, there are 40,000 Negro workers. In this section the Negro workers are forced to live in railroad flats for which they pay proportionately very high rents.

In the Bronx, 30,000 Negro workers live in basements and in hovels in the Clarendon and Williamsbridge sections; additional thousands of Negro workers live in Jamaica, Long Island. All the unemployed among these workers are viciously discriminated against by the City Home Relief Bureau. The majority of them are starting along with their families. Thousands must find their food in breadlines and garbage cans. All of them are denied their elementary "democratic" rights and are specially

## RELIEF MARCHERS TO PRESENT DEMANDS AT CITY HALL AT 12 NOON

All Workers Must Be At Union Square At 10 A. M. Sharp

Delegation to Report Back to Marchers With City Government's Answer

NEW YORK.—The fight for relief from their unbearable hunger will take a tremendous step forward today when the thousands of workers who have answered the call of the Unemployed Council will assemble at 10 a.m. at Union Square to take part in the Relief March to City Hall—the biggest and most concerted demand for immediate relief ever made by the workers in this city.

Workers of all shades of political opinion cemented into one solid united front, will stream into Union Square today from every workingclass section of the world's wealthiest city, and from the flophouses, breadlines and parks where tens of thousands of them eke out their miserable existence. Negro workers, white workers, native-born and foreign-born, women workers and Young Pioneers, members of the revolutionary unions in the U.S.A. and of the A. F. of L. members of the Communist Party and members of no party, will march side by side today in the struggle against starvation at the hands of the bankers and landlords in the richest city in the world.

Will Demand Cash Relief

The workers are marching on City Hall to demand that the government of these bankers and landlords provide the unemployed workers of this city with immediate cash relief, with an end to all evictions, with free bulk stations for their starving children. They will present their demands in the only manner that the capitalists and their representatives understand—in united ranks with an unflinching determination to struggle for the right to live.

Mayor McKee is directly responsible for the last two years' waste and inefficiency in the Welfare Department headed by Mr. Taylor. Mayor McKee yesterday slashed the relief for the veterans from the \$2,000,000 asked by Taylor to \$500,000.

Mr. and Mrs. Brown were evicted from 319 W. 28th St. and lived in Madison Square Park for some time. The three tried continually to get relief. For a time they got an occasional hand out from the Salvation Army bread line at 38th and Tenth Ave. Some months ago, though, the two men were cut off, though Lovina Brown gets a dish of miserable slop whenever she is not too weak from hunger to stand in line for an hour.

None From Home Relief

After the woman first came out of the hospital, she went to the Home Relief Bureau. The investigator says: "There's no pity for two hulking men like you," and turned them down, but promised to consider Lovina's case. Aid was refused at the 48th Street stationers of Home Relief, and at the Central Registration Bureau they got no further than filling out endless questionnaires. That was two months ago. McKee's case went to the Public Welfare Commission and demands to see Commissioner Taylor. Taylor's funkies called the police and had him thrown out. He went then to see Mayor Walker, and showed the police captain his sister's certificate of malnutrition. "That don't mean nothing," said the police captain at city hall, and showed him out.

The three have just heard of the Unemployed Council. They joined yesterday. Brown is joining the Workers Ex-Servicemen's League.

When the W.E.S.L. delegation went to McKee to demand that the September 10 delegation be received, the new mayor said he doubted whether veterans and their families were really hungry. He demanded concrete facts. Here is a typical one.

Police Attack Workers Who Demand End of Red Tape in Relief

NEW YORK.—Three workers who attempted to break through the red tape at the Home Relief Bureau on Spring and Elizabeth Sts. and present their demand for relief without waiting for hours before even getting one of the four-page questionnaires, were viciously beaten yesterday by Tammany police and arrested.

The workers from 13th and 14th

Sts. on the East Side will answer this terror by demonstrating in masses today at Union Square at 10 a.m.

The delegation which will present the Marchers' demands to McKee will report back to the workers immediately after it receives his and the city government's answer.

800 in One A. F. of L. Local Will March

Carpenters in Local Join in Struggle

NEW YORK.—Eight hundred carpenters in Local 2090 of the American Federation of Labor have endorsed the gigantic Relief March to City Hall today under the leadership of the Unemployed Council.

The 800 carpenters voted to march with their banners from Union Sq. with the tens of thousands of other workers organized and unorganized, who will demonstrate and march in front of City Hall in the biggest and most determined demonstration for immediate relief in the history of the city.

A committee representing more than 25,000 A. F. of L. workers in this city had already endorsed the Relief March and was one of the groups which demanded of McKee that he receive the delegation of 100 workers who will present the Marchers' demands for relief.

The local will assemble at E. 18th St. and Fifth Ave. at 9.30.

# Daily Worker

Published by the Communist Publishing Co., Inc., daily except Sunday, at 20 E. 12th St., New York City, N. Y. Telephone ALBANY 4-7000. Second-class postage paid at New York City, N. Y. and at additional mailing offices. Postmaster: Send address changes to the Daily Worker, 20 E. 12th St., New York, N. Y.

## MASS PROTEST FREES CHILDREN

Two Girls Were Held for Demanding Milk

NEW YORK.—Sophie Jacobs, age 14, and Helen Marinko, age 13, who were arrested August 29 for demanding milk from one of the local Home Relief Bureaus were tried at the Children's Court at 132 East 22nd St. by Judge Young and released Friday morning after being held for over two weeks by the officials, "for investigations."

Workers jammed the court room Friday morning to demand the release of these children. Their forces were solid and coupled with the telegrams and letters of protest from outraged workers which poured into Judge Young's letter box for the past two weeks, were entirely responsible for the release.

Nathan Greenberg, aged 15, arrested with Sophie and Helen, is still in jail, the judge having ordered him examined for his sanity. An attempt may be made Monday when his case comes in court to railroad him to an asylum. The I.L.D. calls all to carry on a sharp struggle for his release, also for the release of Sam Brown sentenced to six months in the workhouse by a Harlem "Jim Crow" judge, and James A. Ford, sentenced to a year on the same charge, both sentenced last week.

## Railroads Announce Total 20 Percent Cut

CHICAGO, Ill., Sept. 9.—The railroad company executives meeting here have announced that they will demand an additional 10 per cent wage cut, a total of 20 per cent counting the cut which went into effect in February this year. The February cut was accepted by the Railroad Brotherhoods who persuaded the men not to strike on the grounds that it was "temporary" and would result in rehiring many of the 700,000 jobless in the industry. This subterfuge is now abandoned. Under the promises last February, none were rehired, instead, 100,000 more were discharged.

## Williamsburg Council Forces City Bureau to Rush Relief Action

NEW YORK.—The Williamsburg Unemployed Council yesterday broke through the police lines at the Home Relief Bureau in P. S. 43 and forced the supervisor to grant relief to several needy families.

The supervisor at first refused to see the committee of workers who had been elected to present the demands but the mass pressure of the

## MRS. WRIGHT IN JAIL 4 NIGHTS

Then Czech Gov't Expels Engdahl and Her

(Cable By Inprecarr.)  
BERLIN, Sept. 9.—J. Louis Engdahl and Mrs. Ada Wright, mother of one of the Sclaborg boys, were expelled from Czechoslovakia with an order never to return.

Mrs. Wright spent three of four nights in jail under the strict regime. The money given her to buy food was confiscated. Engdahl was arrested twice and expelled as an "undesirable foreigner." The Red Aid organization was prohibited in Czechoslovakia.

Both Engdahl and Mrs. Wright are now in Vienna.

As the date for the hearing on the Sclaborg case approaches (the hearing will take place on October 10), the workers of the United States must develop a veritable storm of protest against the frame-up of the Negro boys. The fight for their immediate release must be intensified right here at home, as it is being sharpened in Europe through the tour of Engdahl and Mrs. Wright.

13th St. Jobless Force

Milk Trust to Grant 40 Quarts of Milk a Day

NEW YORK.—The 13th St. Block Committee, one of the most active in the City, yesterday won a victory in its struggle to win relief for starving children when it forced Border's one of the milk trusts, to grant 40 quarts of milk a day for distribution in the neighborhood.

The Committee is determined to follow up this victory by demonstrating in front of the other food trusts.

A delegation from the Block Committee also forced the Consolidated Gas and Electric Company to agree to turn on the gas and electricity in workers' homes where they had been shut off, after the payment of a small fee on the old bill.

Later in the day the Block Committee succeeded in putting back the furniture of a worker who had been evicted at 535 East 13th St.

workers outside forced him to change his mind.

The supervisor immediately sent investigators to the homes of the families whose names were presented by the Unemployed Council.

The workers marched back to the Council Headquarters and voted to take part in the Relief March today. They will meet at 61 Graham Ave. at 8:30 a. m.

## REX STRIKE 100 PER CENT NOW

Skilled Workers of the AFL Join Walkout

NEW YORK.—All the skilled workers, members of the Carvers Union (A.P.L.) and all workers of all sorts in Rex Products Co. yesterday at noon joined the strike led by the Metal Workers Industrial Union. This strike whose main demand is the withdrawal of the last wage cut is now 100 per cent solid, due to the correct united front tactics of the union, and due to militant picketing, especially by the young workers.

Rosenberg, the boss, was forced to shut the shop.

## 16 Families Evicted At Once in the Bronx; They'll March Today

NEW YORK.—About 2,000 workers gathered at 581-587 Beck St. yesterday to protest the eviction of 16 workers from the house.

Police from two precincts prevented the workers from putting the furniture which is lying on the curb back into the tenement.

Hundreds of workers under the leadership of the Beck St. Block Committee have pledged to keep a 24-hour-a-day vigil over the furniture.

A member of the Young Pioneers who was lying sick in bed when police came to evict her family was beaten about the face by one of the police until blood flowed because she told him she was sick and could not move.

The Workers International Relief is mobilizing workers to come to the aid of evicted tenants with relief.

All of the tenants except a few who will guard the furniture will take part in the Relief March today.

Workers Resisting Eviction Attacked By Tammany Police

NEW YORK.—Tammany police yesterday attacked a group of workers mobilized by the 3rd St. Block Committee to put back the furniture of an aged couple who had been evicted a short time before.

The police, who had been lying in wait, attacked the workers as they began to carry the furniture back into the house. Workers in the neighborhood helped the workers who were attacked and all were able to withdraw without arrests.

The entire neighborhood is being mobilized by the Block Committee to join in a struggle for a free apartment for the aged couple to be paid for by the Home Relief Bureau.

Hundreds of workers in this section will march in the Relief March today.

## What's On—

SATURDAY

Units 25, 26, 27, Section 15 will have a concert and dance at the Coop Auditorium, 2700 Bronx Park East, at 8:30 p. m. Admission 25c, proceeds to the Daily Worker.
